For a secure way of life

Clip PG2

PowerG® Wireless PIR Curtain Motion Detector

- Ideal for protecting doors, windows and all-glass walls
- PowerG two-way Frequency Hopping Spread Spectrum FHSS-TDMA technology - provides robustness and reliability closer than ever to wired
- Selectable curtain coverage 2, 4 and 6m (6, 12, 18ft) for optimized performance according to wall size
- Large transmission range enabling repeater-free installations
- Battery life 7 years with typical use
- Visible link quality indication shown on the device
- Visible and transmitted low battery indication
- Compatible with PowerMaster systems and PowerG receivers

Clip PG2 is a small and elegant wireless curtain-type PIR detector designed for the protection of doors, windows and all-glass walls. This fully-supervised detector is compatible with PowerMaster® family of burglar alarm systems. Based on Visonic's groundbreaking PowerG® technology, Clip PG2 combines several field-proven advanced technologies which deliver long transmission range, effortless installation process and prolong battery life, as well as unmatched advantages for professional installers, central monitoring stations and end-users alike.

Specifications:

Type:	Curtain PIR
Battery type:	3V, CR-123A Lithium battery
Battery life:	7 years (with typical use)
Coverage:	2, 4 and 6m (6, 12, 18ft)
Mounting height:	1.8 – 2.4m (6-8ft)
Operating temperature:	-10° to 50°C (14° to 122°F)
Weight:	60gr (2.1oz)
Dimensions:	10.5 x 3.5 x 3mm (4.1 x 1.3 x 1.2in)
